

## Countdown for WRC2018 in Denmark

### *Less than 4 months to early-bird registration*

Are you ready? Of course you are. Here is a little bit more for you to know.

You cannot imagine what a great event we are preparing for you in the heart of Copenhagen and in regions of Denmark. Rose lovers are excited and preparing for you to visit their lovely rose gardens – public and private.

Denmark has a reputation for sustainability (wind power mills, green products) which you will see all over as a recurring pattern – walking hand in hand – connecting all of you - as our honored guests and rosarians.

Surrounded by Danes who are so looking forward to hosting and assisting you to feel at home in the Hans Christian Andersen Fairy Tale Country.

You will experience many events, all of them with a common denominator of sustainability and Danish coziness.

Here are some:

1. *The scent of the Royal Danish Court: Her Royal Highness Crown Princess Mary will name the Convention rose in front of Rosenborg Castle*
2. *The scent of rose wisdom: Exciting and scientific lectures will be held in the Tivoli Congress Center*
3. *The scent of roses: Celebration of 50 years of WFRS and 25 years of the Danish Rose Society will be celebrated in Valby Park among thousands of fragrant roses.*

It is our sincere hope that you will never forget your stay in Denmark for WRC2018. We urge you to visit our website where you can find much more information about this exciting event for Rosarians and garden lovers. It's all on:
